

Invitation Link: [Join Community](#)

Community is a group chat platform, where you will be able to connect with other admitted students and also with current BCB students. Community is available on PC and also as an application for cell phones. It can be found on the App Store and PlayStore by searching "Unibuddy Community."

How it works:

1. Click on your personalized invitation link above. You will be redirected to a browser window to set up your account.
2. Click "Join Community" and set up your account by entering some personal information and creating a password.
3. Once you enter all your data, you will need to verify your email address by putting in a code that the platform will send to your email address.
4. After the verification process is complete and you are logged in, you can click the "BCB Class of Fall 2024" community and join the groups you're interested in being a part of. Joining a group is as easy as just clicking on one and tapping "Join Group." **Please note** that you may need to go back and click on the invite link again after verification and log-in to be able to view the "BCB Class of Fall 2024" community.
5. Download the mobile app and log in with your credentials. **Please note** that you need to sign up via browser and then use an existing log in information in the app to access the "BCB Class of Fall 2024" community there.
6. Start chatting, asking questions and meeting people. "Say Hello" group is a great place to start!

Tip: Don't forget to turn on notifications on your mobile device to stay updated with the ongoing conversations in your BCB community.

If you experience any technical difficulties when accessing the platform, please be in touch with us at admissions@berlin.bard.edu.
