Rationale

For the purposes of this Guide, the term “trans” is used as an umbrella term for people whose gender identity and/or expression differs from the sex assigned to them at birth. This includes, but is not limited to, individuals who identify as transgender, non-binary, genderqueer, or gender nonconforming.

Bard College is committed to providing a safe and inclusive campus for trans students, faculty, staff, and visitors. The Bard College Trans Resource Guide provides information about resources available at the College as well as in our community.

This Guide includes information regarding housing, name changes, location of gender-inclusive restrooms, and individuals on campus who can provide assistance with day-to-day college life. The goal of this Guide is to improve inclusiveness and accessibility for trans students, faculty, staff, and visitors to Bard College. This Guide will be updated as policies, practices, and facilities change.

If you have any recommendations or suggestions as to what information to include in this Guide, please email the Title IX Coordinator, Kimberly Gould (titleix@bard.edu) and/or Beckett Lansbury (beckett.lansbury@gmail.com).

Name Change Form

If you need to change your name within the College’s system, you may do so by utilizing an online form accessible through the QR code or link below. If you have legally changed your name, please see Peter Gadsby in the Registrar’s Office.

What requesting a name change through the online form will do: Your Chosen/Preferred name will be listed on class and residence hall rosters and at the post office. If you choose the options below, it will also change on your Student ID and email.

What requesting a name change through the online form will not do: This process does not constitute a legal name change. A student’s legal first name must appear on legal documents, including financial aid and employment records, bursar bills, transcripts, and other legal documents (see Page 15 for a more complete list of documents and records on which legal and preferred/chosen name are used). To change your name in Moodle, you can log in and make the change under settings.

If you are having trouble with the QR link, copy and paste the link below into your internet browser or copy down for later:

Legally Changing Your Name

While it is easy to change your name within Bard College, doing so is not a legal name change. This section will assist with guiding you towards a legal name change within New York State. Please note, the process for changing your name in New York City is different than changing your name in New York State. None of the following information serves as legal advice. If you have more questions, a complicated situation, or more nuanced questions, please seek personal legal advice.

To Change Your Name in New York State: You have to follow a specific procedure in a specific order. You must fill out forms (located below) and taking these forms, in person, to the County Clerk’s office that you live in (for the purposes of this document, we will be using Dutchess County), and pay a fee.

**Dutchess County Clerk:** Bradford Kendall  
22 Market Street,  
Poughkeepsie, NY 12601  
(845) 486-2120; bkendall@dutchessny.gov

**You Will Need (prepared ahead of time):**
- A name change petition - must be filled out, signed, and notarized (notaries are available on campus, email Beckett Lansbury at beckett.lansbury@gmail.com for assistance)
- A proposed order - you can find a sample form in the link below or receive one from the local County Clerk’s office
- A Request for Judicial Intervention (see link below)
- Proof of birth - original or certified copy of your birth certificate
- Court fee (currently $210)

Legal Services of the Hudson Valley

Legal Services of the Hudson Valley is the only provider of comprehensive civil legal services to all seven counties of the lower Hudson Valley. We serve clients in Westchester, Putnam, Rockland, Orange, Dutchess, Ulster and Sullivan counties, with offices in White Plains, Mount Vernon, Yonkers, Peekskill, Poughkeepsie, Kingston, Newburgh, Goshen, Monticello, and Spring Valley.

Legal Services of the Hudson Valley’s employees also speak Spanish, Portuguese, Hindi, Italian, German, French, Haitian-Creole, Romanian, and Russian on-site at many of our locations. They are also able to provide additional languages via Translation Service.

OFFICE HOURS: 9AM-5PM Monday-Friday

FOR HELP: 1-877-574-8529, 8AM-6PM Monday-Thursday, 8AM-4PM Friday
Health Services

The staff at Bard Health Services recognizes the right of all individuals to have their healthcare needs addressed effectively at the Health Center. The Nurse Practitioners, nurse, and front desk staff have been educated regarding the health needs of transgender individuals. Staff Members have attended trans resource conferences and participated in in-services through the Kingston LGBT Center to help improve our practice.

Our referral system includes trans-inclusive providers, and through Planned Parenthood, a trans-support specialist who can advocate and assist in all phases of trans care from contemplation, to getting necessary documentation in order, to helping determine and manage insurance services.

Our STI assessment form is routinely updated to reflect cultural shifts in trans-inclusive language.

We assist students new to hormone injections and help them become independent administering their own injections as needed.

The Bard College insurance broker handles the CDPHP student insurance for students who do not have other plans.
In the health history form and intake form (see image below), the Health Center asks for a student’s chosen name and gender, but not about sexual orientation. However, the Health Center must use the name and sex listed on the student’s legal records and documentation.

Upon arrival at Health Services, all patients are asked to complete an Intake Form. This form will ask the patient for their Bard I.D. number and legal name, and ask for the students’ chosen name and pronouns. These forms were created with the intention to inform the nurses and counselors of patient information that might not be available on the patient profile, and further allows the patients to focus on their physical and emotional/mental health while at Health Services, and not on how they will be addressed.
Counseling Services

Bard Counseling Services offers individual, group, and couples counseling to all Bard students. Counseling staff attend regular trainings related to working with the LGBTQ community, and have participated in a variety of LGBTQ consultations, events and panels. In addition, Bard counselors Laura MacDonald, PsyD, and Larry Cerecedes, PhD, have developed expertise in working with members of the LGBTQ community.

Residence Life and Housing

Bard students are offered many housing options which are designed to be inclusive of all needs, including those of transgender, gender-nonconforming, and nonbinary students. Specific housing requests are reviewed on a case-by-case basis.

**Gender Inclusive Housing**
Bard’s wide variety of on campus residential communities allow for students of any gender identity and/or sexual orientation the ability to live comfortably with other students of their choice or in a single occupancy room. By default, students are housed according to their compatibility and gender identified on the form. Students can request otherwise in Section 5 of the housing form and can be housed regardless of gender identity. A first-year student may also indicate a requested roommate on their profile regardless of gender identity. This option became available for newly admitted students in 2011.

There is a drop-down menu for selecting a gender identity on the housing profile, allowing the student to self-identify and more ability to define who they are. Additionally, the student will be prompted to select or self-identify their pronouns.

All students returning to Bard after their first year participate in an annual room selection process and are able to select their roommate of choice. If a student and a group of friends want to form a suite, they can do so within the confines of the application process. There are four-person and five-person suites which offer single and double occupancy rooms within.

**Residence Hall Restrooms**
Many residence hall bathrooms are stand-alone and/or single use facilities allowing for one student to use at a time. This renders them gender inclusive by nature unless the residential community decides to gender the bathrooms by consensus.

Multiple-use restrooms (those including stalls, sinks, and showers) are also gender inclusive unless otherwise determined by the community each academic year. Gender inclusivity is the standard. Bard is actively working on inventorying the signs posted outside of bathrooms to ensure that they are compatible as an industry standard.
The Registrar’s Office accommodates both legal name changes and chosen name changes. If you have legally changed your name, please see Peter Gadsby in the Registrar’s Office. To request a name change within the College’s system (a “chosen name change”), please use the online form located on page 10 of this Guide. The College is currently working on a method to add pronouns to our student database, which would be utilized for class rosters and other records throughout the College.

Chosen names will be utilized wherever possible, however some official documents require utilization of an individual’s legal name.

The Chosen Name will be used for:

- College ID card (if elected)
- Bard email address (if elected)
- Class Rosters and Residence Hall Rosters
- Post Office
- Bard College Public Directories (unless the student has asked that information be blocked)
- Communications (for example, if Bard sends mail to the student at the student’s home address, it will be addressed to the chosen name unless otherwise instructed by the student)
- Diploma
Restrooms

Bard College is committed to providing a campus environment that supports and values all members of our community. Connect
Getting Connected and Supported on Campus

Bard College has over 100 student clubs, groups, and organizations on campus; there is a place for everyone to connect with others. These include:

**Trans Life Collective**
The Trans Life Collective is a student and faculty organization working to create an environment that is accepting and comfortable for individuals of all gender identities. In the past, we have advocated gender inclusive spaces in bathrooms and housing, we were instrumental in adding gender identity and expression to Bard's Anti-Discrimination Policy, we held film screenings, hosted trivia events, panels, and performances/workshops, supported grassroots education via teach-ins, organized a library of books and films for the Bard community, and developed educational materials for students and staff. All are welcome to attend our weekly meetings.

**QSO (Queer Student Organization)** A student-run space for queer students to organize, discuss, and unwind. We host weekly meetings in the campus center and a variety of events (movie screenings, bake sales, and collaborations with other clubs on campus to name a few), working towards a goal of both strengthening and supporting the LGBTQ+ community on campus and building bonds with other groups in the Hudson Valley. Allies are welcome, with the condition that they realize their voices will not be centered.

**QPOC (Queer People of Color)** This club is a space created to center the lives and experiences of the queer and gender-nonconforming people of color both on Bard's campus and beyond. It's a place for conversation and action. It's a place that recognizes and affirms the lives of those whose lives are too often forgotten and erased. Though it was made intentionally to elevate the voices of QTPOC, allies and accomplices are welcome, but only with the understanding that your voices will not be centered and that you are there to learn and support.

**OUT@BARD** A recognized entity of the Council for Inclusive Excellence, this group is dedicated to the interests and concerns of LGBTQ+ identifying faculty and staff as well as LGBTQ+ student support. Membership is open to all employees at Bard College and across the Bard/OSUN Network.

... and more!

Off-Campus Medical

Planned Parenthood (locations in Kingston, Poughkeepsie, and Hudson) is a global organization, trusted health care provider, informed educator, passionate advocate, and partner helping similar organizations around the world. Both the Kingston and Poughkeepsie Planned Parenthood locations offer gender-affirming hormone therapy, self-injection training and referrals to legal and medical services. Planned Parenthood operates on an informed consent basis, meaning a patient looking to begin Hormone Replacement Therapy does not need recommendation from a therapist. If an insurance plan does not cover informed consent HRT, payment would have to be made out of pocket. New York Name Change Laws
To obtain a legal name change in New York, an applicant must submit a petition to the court. The applicant must publish notice at least once in a designated newspaper within 60 days of the court issued name change order. Individuals who have a felony conviction are subject to additional notice requirements. The publication requirement may be waived and the records may be sealed for the applicant’s safety if approved by the court. (N.Y. Civ. Rights Law § 60-65). Please visit the National Center for Transgender Equality website to learn more about the process for changing your legal name in your home state at [http://www.transequality.org/documents](http://www.transequality.org/documents)

Transgender Legal Defense and Education Fund
“TLDEF is Founded in 2003, Transgender Legal Defense & Education Fund is a 501(c)(3) nonprofit whose mission is to end discrimination and achieve equality for transgender people, particularly those in our most vulnerable communities. Transgender people have been subject to pervasive discrimination that has kept them, with rare exceptions, hidden from public view. While this discrimination has begun to lessen, transgender people still experience much prejudice and violence.

Our strategies include path-breaking trans rights cases and "friend of the court" briefs regarding the key issues of employment, health care, education and public accommodations. We seek to coordinate with traditional civil rights organizations and other LGBT civil rights organizations. We also provide public education on transgender rights. “ [http://www.transgenderlegal.org/](http://www.transgenderlegal.org/)

TLDEF provides free legal name change services to community members through The Name Change Project, which partners with some of the nation's premier law firms and corporate law departments, including Debevoise & Plimpton LLP, Davis Polk & Wardwell LLP, Sullivan & Cromwell LLP, and others. Only available to residents of a select few cities. Learn more at [http://tldef.org/work_show.php?id=7](http://tldef.org/work_show.php?id=7)
