

Thesis Proposal Form

Student's Name:

Description of Thesis Topic (500 words):

Thesis Advisor:

Signature of Thesis Advisor:

FOR STUDENTS PURSUING A CREATIVE PROJECT ONLY

*Students can choose either to write a thesis of 10.000-12.000 words, or to write a written thesis of 7000-8000 words and add a creative component to their research. The creative component is concerned with the same subject and research question as the written component. Students who decide to make use of this option will have to address the same research question by means of both academic and artistic/creative research. The outcomes of the latter will be submitted as part of a public presentation of all Creative Component art works.*

*Students pursuing a creative project as part of their thesis should select a thesis advisor that can oversee both the theoretical and applied aspects of their project.*

*Proposals with signed confirmation from your thesis advisor should be emailed to the Registrar by the end of Week 1.*
