### Joint BA-Master Degree Pathway

#### **Hertie School**

Students at Bard College Berlin have the opportunity to complete a 5-year BA-Master's Program, receiving a BA from Bard College Berlin and a Master's from the Hertie School. The Hertie School runs tests for its introductory courses in statistics and economics in July of each year. Students will take these tests in order to have the requirement be waived for their Master's studies. Students will apply to Hertie in October of their third year, and receive an admissions decision by December.
