Course Description

Using the backdrop of Berlin, this class will explore the history of photography by Berlin based photographers while learning how to use a manual camera and also finding one's way around an analogue darkroom through acquiring the techniques of printing black and white photographs.

This class is designed for beginning photography students interested in learning to effectively use photography as a means for self-expression or cultural comment. Course structure is based on the assumption that students are coming into the class with little to no experience. Mastery of basic skills and conceptual principles is key to the student's success. This class aims to provide students with a rigorous training in the mechanics of the 35mm camera, darkroom technique (photographic printing), basic composition and photographic history. We will also explore critical issues surrounding photography as artistic medium, and cultural product through selected readings, presentations made by students and class discussions. Though technical skills are stressed in this course, image content is equally important.

Requirements

Students are expected to:

- Turn off phones during the entire class time.
- Use the designated printing times given to each student at the beginning of the semester. If the time is not used, please contact the Professor.
- They will be allowed to be used only during breaks.
- Be prepared to present artworks / assignments / presentations without reminder.
- Engage in critiques and discussions.
- Initiate appointments with the Professor or arts staff outside of class time when assistance is necessary.
- Always allocate extra time for work preparation and clean-up for independent production.
- Respond to emails and/or text messages from the Professor in a timely manner.
- Inform Professor at beginning of semester if photos of student, artwork, works in progress are NOT to be taken and / or used for Bard College Berlin.
- Remove all artworks, art materials, and any personal belongings before the final inspection of the arts spaces during completion week. Failure to remove works and / or clean spaces used will result in final grade penalization. Donating artworks or art

materials (unrequested) at anytime is not permitted and will still be considered student's property that will be expected to be uninstalled and removed.

- Students are expected to purchase an adequate quantity of 36 exposure Black and White film and photographic paper as needed for class assignments.

Attendance

- Attendance of ALL classes is expected.
- More than one absence (that is, absence from one three-hour session per week) in a semester will affect the participation grade for the course.
- Students are expected to attend all off-campus classes punctually, from start to finish. If there is a scheduling/travel conflict, the Professor must be informed in advance.
- Tardiness after five minutes will be considered an absence unless the Professor is contacted at least 1/2 an hour before class.

Policy on Late Submission of Artworks / Presentations

Assignments (artworks, essays, oral presentations) that are up to 24 hours late will be downgraded one full grade (Example: B+ becomes C+). Professor is not obliged to accept assignments that are more than 24 hours late. Where the Professor agrees to accept a late assignment, it must be submitted within two weeks of the deadline and cannot receive a grade of higher than C.

Thereafter, the student will receive a failing grade for the assignment.

Grade Breakdown

This class is based on the simple principle of doing the best you can in class.

That means; handing your work in on time, coming to class on time, participating in class and cleaning / maintaining the darkroom and finally, being prepared and ready when in class.

John Cage, the artist, wrote a very apt list titled:

10 RULES FOR STUDENTS AND TEACHERS.

I follow this list quite closely.

Rule Number 7 says; The only rule is work. If you work it will lead to something. It is the people who do all the work all the time who eventually catch to things.

You can fool the fans — but not the players.

Keep this in mind during this class.

Here is a breakdown of percentages for each component listed:

50% work on time

40% cleaning / maintaining darkroom

30% coming to class on time

30% participating in class

... that's 150%.

In fact, that's what I want you to give to this class.

Assessment

Students are also assessed on their ability to work independently and responsibly. They will be graded on their ability to communicate with the Professor as well as amongst themselves. This also includes their ambition to create artworks as well as their willingness to budget their time for all requirements connected to this class. This assessment also includes preparation, production, and cleaning up of spaces used at P98 at Bard College Berlin.

Anticipated Costs for this Class

Each student will be expected to purchase their own film and paper for this class. We suggest buying materials with other students - it's cheaper!
