LANGUAGE AND THINKING
PROGRAM
August 11-26, 2020

Bard College Berlin
A LIBERAL ARTS UNIVERSITY
Welcome to the Language and Thinking Program at Bard College Berlin! This intensive program serves as an introduction to student life at the college. The theme of the program is “New Worlds/New Words,” a reference to the article in the anthology by bell hooks as well as an encapsulation of the program as a whole and your experience arriving at Bard College Berlin. During the next three weeks, we will engage in exercises that seek to unlock creativity, model new ways of generating insight, lift the pressures associated with academic work, and develop the skills needed for reading, understanding, and analyzing visual, literary, and philosophical material. We’ll find new words for these new worlds as think about our place in our international community on campus as well as the larger world. We will explore some of the cornerstones of social life: politics, art, culture. We’ll hear many of the forty or so languages spoken on campus, read texts, watch films, and discover the ways that the liberal arts help us to understand ourselves, our communities, and our roles as global citizens.

Throughout the program, we do our best to ease the transition to student life at Bard College Berlin, whether you are physically present in Berlin or participating remotely. If you have any questions, just ask. Faculty and staff are happy to help!

Please note, as indicated by the Student Handbook (12):

The Language and Thinking Program (L&T)

The Language and Thinking Program takes place in the three weeks prior to the beginning of the fall semester. All Bard College Berlin BA first-year students, Bard College first years attending Bard College Berlin, and Academy Year students are required to attend and pass the Language and Thinking Program in order to register officially as students of Bard College Berlin. Transfer students entering the BA degree above the first year need not complete the Language and Thinking Program, but are invited to do so if they choose. Attendance is required at all sessions of the program, and assignments must be completed according to the deadlines and specifications set by the instructors. Non-attendance at a session, failure to participate adequately, or failure to complete assignments will be reported to the Dean and may result in the student going through the process outlined in the Student Code of Conduct and being asked to leave the program. Students who do not complete the Language and Thinking Program are given the opportunity to re-enroll the following year.
